Prelude Technology FAQs

How will I receive all the remote programming content?

Upon enrollment, you will be given access to a private Google Classroom via a link in your email inbox. All of the weekly content will be delivered to the Google Classroom, along with some bonus content! Each Google Classroom will only be accessible to the students and families enrolled in your same program. You will also receive program announcements via email, and on our social media platforms.

What about live events? (Live COmmunity Circle Times, 1:1 Academic Tutoring, Live Teaching Artist Sessions, Parent Nights)

All live events will take place on Zoom. Links to group events for Bravissimo! students will be posted in the Google Classroom. Links for private tutoring and add-on events will be sent to you via email. All Zoom events will be secure and password protected.

What devices do I need to use / have in my home?

You can access the content on your smartphone, tablet, iPad, laptop, or desktop. If you prefer to print out home learning activities, you may want to have a printer.

Will the technology and the materials be user friendly?

We know that many parents are suddenly finding themselves in the role of caregiver-turned-preschool-teacher, and that can feel sometimes overwhelming! Prelude will commit to making your job as easy as possible. If you ever feel like we could make life easier for you in terms of our materials list or technology requirements, please let us know! We'd love to help!

How do I Ifind out more about Enchanted Circle (ECT)?

We invite you to check out their website at www.enchantedcircletheater.com to learn more about them and their Arts Integration work.

We'd love to connect with you!
