

Community Partnerships, Space Rental, and Off-Site Policies

Off-Site Policies

When booking an outside gig for our faculty, we have added the language to our contracts that the hiring entity "agrees to follow all CDC guidelines," and that our performer reserves the right to not perform if this is not adhered to.

Space Rentals

Space Rentals are being accepted for the year 2022 and will be allowed when we enter Phase 4. As with off-site contracts, all rental agreements now contain language that the renting organization or party agrees to comply with CMSS COVID-19 Mitigation Policies for Space Rental, and renters/guests must sign a COVID-19 Liability Waiver. Following any rental CMSS will engage our cleaning company to deep clean after use.
